WORST OVER, THEY SAY

Prominent Bankers and Others on Financial Situation.

EXPECT RAPID IMPROVEMENT

"We Should Recover Rapidly from the Present Trouble and Things Should Go On Stronger Basis Than Ever Before," Says One.

New York, Oct. 29.—Prominent bankers and merchants, in brief statements and interviews just made public, agree that the financial crisis has passed and all look for constant improvement from now on.

William A. Nash, president of the Corn Exchange bank, who, as acting chairman of the clearing house committee, was closely in touch with the situation last week, said:

"We should recover rapidly from the present trouble and things in banking matters will go on a stronger basis than ever before. I feel optimistic and happy in view of the present aspect of this crisis which I have felt for a long time was bound to come. We are passing from an era of bad banking to one of good banking."

Will Be of Lasting Benefit.

Andrew Mills of the Dry Dock Savings bank, dean of the corps of savings bank presidents of the city, said:

"There can be no doubt that the financial hysteria through which we have just passed will be of lasting benefit, not alone to this city, but to the country at large. Confidence is being rapidly restored and I know it is generally conceded that the banking institutions of New York are perfectly sound."

A. Barton Hepburn, president of the Chase Bank National bank, said:

"The use of clearing house certificates cannot be avoided in any exigency as the present ,until congress gives us some wholesome legislation on the currency question.

"With the clearing house of all commercial centers issuing clearing house certificates, it would seem to provide a sufficient object lesson to induce reform in the currency laws in the next session of congress."

"The Worst Over," Says Arbuckle.

John Arbuckle, coffee and sugar merchant, said:

"It seems to me that business generally is so good that the situation in the financial field must improve.

"From what I have seen and heard of existing conditions I have formed the impression that instead of saying 'the worst is yet to come,' as is so frequently said, when new and serious conditions arise, we should all say 'the worst is over and normal conditions will soon be resumed.'"

Cornelius N. Bliss, wholesale dry goods merchant, said:

"There is little doubt that the serious danger is over."

James E. Nichols, of Austin Nichols & Co., wholesale grocers, said:

"I believe the financial situation is well in hand now and the action of the Clearing House and banks will establish credit as soon as the hysteria of the public has diminished. Mercantile business everywhere in the country is excellent."

Bank Cashier Killed.

Akron, Ohio, Oct. 29.—Fred A. Boron, cashier of the Dollar Savings Bank, and one of the most prominent men in the city, was shot and killed in his home Sunday afternoon. His family was away and a servant girl returning to the house found him lying on the floor dead, a bullet hole through his head. Police suspect foul play and the coroner is now investigating. The directors of the bank state that his books at the bank are in first-class condition.

Will Sign Proclamation.

Washington, Oct. 29.—President Roosevelt will issue the proclamation admitting the new state of Oklahoma on Saturday, Nov. 16, next. The constitution was formally placed in his hands by Governor Franz and a large delegation from Oklahoma on Monday morning.

STATE FAIR CLOSES.

Estimated that 100,000 People Visited Piedmont Park During Fair.

Atlanta, Oct., 29.—President J. J. Connor, of the Georgia State Agricultural Society, said:

"The Georgia State fair, just ended, is the best in every particular I have seen since I have been connected with the society in 1899. Taken altogether, I think it to be the best state fair ever held in Georgia. The agricultural exhibits were large and represented all sections of the state; the cattle exhibit was fine; the poultry show was a winner the woman's exhibit was fine; the machinery exhibit was good; the races were fast and the midway stands without a superior in the south.

"It was a great financial success. Every premium promised was paid in cash and everybody was satisfied."

With the hour of midnight every light on the grounds at Piedmont park was extinguished Saturday night, and the state fair of 1907, the most successful ever held, both from a financial and exhibition standpoint, was brought to a glorious close.

From sunset to midnight revelry had held sway on the midway and few Mardi Gras festivals have been gayer than this little four acres of playground between those hours.

It is conservatively estimated that close on to 100,000 people have visited the fair during the past sixteen days.

W. C. T. U. CONVENTION.

Delegates Declare Session Just Closed as Most Successful.

Columbus, Ga., Oct. 29.—The delegates to the state convention of the Georgia Woman's Christian Temperance Union have left the city after what is generally declared to have been the most successful session in the history of the organization.

A pleasing incident of the closing session was the presentation to Mrs. Mary Harris Armor, state president, of a pearl brooch, set with diamonds, the gift of the delegates to the convention. The presentation was made by Miss Julia Gautier, of Columbus, in a beautiful little speech. Another incident, equally happy, was the presentation to Mrs. T. E. Patterson, of Griffin, secretary of the Loyal Temperance legion work in the state, of a lovely silver bonbon tray. The tray was presented to Mrs. Patterson, in behalf of the Loyal Temperance legion of this city, by Master DeWitt Hollis. The salary of Mrs. Armor, as president, was increased from $50 to $75 per month.

The reports show that this has been the banner year with the Georgia Woman's Christian Temperance union, 677 new paid members being received, swelling the roll to over 3,000.

CRITICIZED FOR FEASTING ROOT

Exaggerated Reports of Money Spent By Mexico.

San Antonio, Tex., Oct. 29—A special to the Express from Mexico City says:

On account of the magnificent manner in which Secretary of State Elihu Root was entertained in this city, exaggerated reports of the expenses of this entertainment have been sent out.

Though the government has made no official statement of the expense and probably will not, it is said by persons in a position to know, that the expense will not exceed $200,000 in Mexican money.

Of course, the entertainments of private persons and social organizations would bring the total many times higher, but the expense to the government has been very generally exaggerated.

President's 49th Birthday.

Washington, Oct. 29.—President Roosevelt was 49 years old Monday. Besides a quiet family rejoicing at the White House fireside, the president received the congratulations of the members of the Hungarian Club, of New York. The reception took place in the east room during the afternoon, thus continuing a custom instituted by the members of the club several years ago in presenting themselves to the president of the United States on the anniversary of his birth, wherever he may be.

BOTH CLAIM VICTORY

Prohibition Election Held In Birmingham Monday.

GREAT INTEREST IN RESULT

Five Thousand Women and Children Paraded the Streets and Visited the Polling Places, Carrying Prohibition Banners.

Birmingham, Ala., Oct. 29.—A local option election to determine whether or not the sale of intoxicating liquors shall continue in this county was held Monday and intense interest was manifested in the outcome.

As early as 8:30 o'clock five thousand women and children gathered at Capital park and began parading the streets and visiting the various polling places. Every parader wore a white ribbon and many of them carried prohibition banners. They were wildly enthusiastic and yelled and sang as they marched. Many ministers and business men accompanied the marchers. Later the women began to gather at the polling places, and served lunches and coffee as the men voted. Similar demonstrations on a smaller scale were made at suburban towns. A heavy vote was polled during the early morning hours. Both sides are claiming victory.

MOTHER'S STRANGE DISLIKE.

Charged with Ill Treatment of Her Little Daughter.

New York, Oct. 29.—The case of Mrs. Annie Mohr, of Corona, L. I., charged with compelling her 7-year-old daughter to sleep in the basement with a mongrel house dog, and with otherwise ill treating the child, is attracting attention to the unexplained treatment of a mother of her own child. Her family is in comfortable circumstances and there are two other children, both of whom are well kept and well clothed.

Martha, the ill-abused child, is the second child of the three in the family. Both the elder and younger sisters who were in court with the mother, looked smiling. The father, in testifying, said his wife took a strange and unaccountable dislike to Martha, and all efforts to overcome it were unavailing. They finally gave the child out for adoption, but its foster mother soon died and they were compelled to take Martha back home again.

No amount of persuasion could induce Mrs. Mohr to accept the little one as her own and since then the child has lived simply like an outcast.

King Takes Important Step.

Adis Abeba, Abysisninia, Oct. 29.—King Menelik has taken an important step in the direction of giving Abyssinia a constitutional form of government, in issuing a decree Monday providing for the formation of a cabinet on European lines. Simultaneously with the publication of the decree his majesty announced the appointment of five ministers who will preside respectively over the departments of foreign affairs, justice, finance, and commerce and war.

Thirteenth Annual Convention.

Augusta, Ga., Oct. 29.—The thirteenth annual convention of the Georgia division, United Daughters of the Confederacy, will be held at the Richmond county court house, in the hall of the local chapter, Oct. 30th, 31st and Nov. 1st, and is the all-absorbing event of the present week in Augusta. An excellent program has been arranged, chiefly through the untiring efforts of Mrs. Theodore Caswell.

U. S. Secures $5,000,000 Bar Gold.

London, Oct. 29.—The United States secured all the bar gold offered Monday in the market, totalling nearly $5,000. The price paid was $19.50. This is 3½ cents higher than previous quotations indicating the keenness of the competition. Both Paris and London bid against the United States.

NEGRO LYNCHED AT BYRON.

Mob Riddled His Body with Bullets and Partly Burned Corpse.

Macon, Ga., Oct. 29.—Because he robbed two small boys of 75 cents and attempted to rob a man of another small amount, John Walker, a negro, was lynched at Byron at an early hour Sunday morning.

Byron is a small place in Houston county and the story was brought here by passengers on the Southwestern train, which passed through Byron Sunday afternoon.

According to the passengers the negro robbed the boys Saturday night and was holding up a man when Marshal Tom Johnson appeared.

The marshal ordered the negro to surrender, but the latter drew a revolver and tried to kill the officer. A general fight followed, in which several parties were involved before the negro was finally arrested and lodged in the station house.

The feeling against the negro was bitter, and there were open threats of violence, but it was believed that the feeling would soon die down.

Early Sunday morning, however, unknown parties stormed the prison in which the negro was confined, dragged him from his cell and, after carrying him a short distance, riddled him with bullets. The corpse was then thrown on a log fire and partly burned.

The half charred remains were taken up and viewed by a large crowd of people.

TAMALOS ILLTREAT SPANIARDS.

It Is Said Forty Were Drowned Trying to Escape.

Madrid, Oct. 29.—A Spaniard by the name of Bulguera, a recent arrival from Manila, has caused some excitement here by a story to the effect that there are more than 4,000 Spanish prisoners in Bulacan province, island of San Juan Bel Monte. They are held by Tamalos, who compel them to drag their plows. They are whipped and treated like beasts of burden and the only reward they get is a scanty ration and green corn.

Bulguera has related his story to a correspondent of El Pueblo and he says that in June ninety Spanish prisoners tried to escape by swimming.

Practically all were drowned, he says, but he succeeded in landing on the opposite bank and was subsequently able to reach Manila. Then he went to the American authorities, who provided him with passage for Cadiz. He reached that port in September, but was only able to reach his native town a few days since, where he had long been given up for dead.

VALUE FARM PRODUCTS.

No Hard Times for the Country, Says Secretary Wilson.

Chicago, Oct. 29.—A dispatch to the Tribune from Wasaington says:

Secretary of Agriculture Wilson says that the farmers will get more for their crops this year than they got for those of last year. The total value of all farm products in 1906 was $6,794,000,000. This enormous sum not only will mean that there will be no hard times for the country, but that the prosperity which has blessed it for a dozen years will continue.

Secretary Wilson is unable to see any danger in the financial situation, believing it is entirely confined to the speculative element in New York and he is confident that the next few weeks will show that the farm and not Wall street is the real barometer of our financial welfare.

General Booth Is Better.

Pittsburg, Pa., Oct. 29.—General William Booth, of the Salvation Army, who was suffering from exhaustion upon his arrival here Saturday night from Columbus, Ohio, attended three meetings Sunday in the Alvin theater, and was apparently much improved. The general, who seemed on the verge of a collapse, was greatly benefited by a [illegible] and showed but slight evidences of his recent illness.

Operators Given Old Places.

Nashville, Tenn., Oct. 29—All the Postal Telegraph company operators here who went on strike some weeks ago returned to work Monday morning and were given their old places.

GORDON GINNERY WAS DESTROYED BY FIRE

One of the Most Serious Conflagrations in History o Gainesvill .

MANY THOUSANDS WERE LOST

One of the Oldest and Largest Establishments of Kind in This Section Consumed by Fire—Adamson & Blake Also Sustain Heavy Loss.

One of the most disastrous fires which have visited Gainesville in several years occurred Tuesday afternoon shortly after 3 o'clock, when the ginnery of W. W. Gordon & Company and the machine shop of Adamson & Blake, both located in the same building at the corner of West Main street S. and West Depot street, were swept away in almost a breath. The nature of the contents of the building, together with the material of which the same was constructed, fed the flames with rapidity, and, notwithstanding that the fire department responded promptly, the entire building, which was an immense shell wooden structure, was enveloped deeply in flames before a stream of water could be turned on.

At ten minutes past 3 o'clock an alarm of fire was turned in, but owing to the disorder of the street fire alarm system the bell in the court house tower struck only once. Owing to the fact that repairs have been in progress on the system for the past few days, and constant alarms have been turned in as a test, at fisrt the citizens did not realize that there was a fire; but when a dense cloud of smoke was seen in the southern section of the city, the fact dawned upon them that there was something serious in the matter of a conflagration going on.

The alarm sounded regularly at the fire station, however, and within a few esconds the hose companies were on their way to the scene of the fire. They arrived promptly and set their hose, but it was too late to save the building, as the building, aided by the combustible material, went up like a powder magazine.

The firemen, realizing that nothing in the building could be saved, devoted their attention to preventing the flames from spreading, which was admirably done under the direction of Chief E. A. O'Neill, who was one of the most active men on the grounds. Chief O'Neill directed that the three streams be turned upon the surrounding buildings, and a number of cars of the Atlantic Coast Line and Seaboard, which were on the sidetracks, and which were already on fire, with the result that he saved the cars and their contents (all were loaded) and the buildings in the immediate vicinity which were threatened.

This was a most tremendous fire, and the heat could be felt with inconvenience for two blocks or more.

A large crowd soon gathered, attracted by the smoke, but few were enabled to reach any point near the fire.

To Chief O'Neill and his gallant firemen is due that the flames did not reach the gas house, where a large supply of gas was in the reservoir, and also the big tank of the Standard Oil Company, which, a few feet beyond, contained thousands of gallons of oil. Should these tanks have been reached there is no telling what damage would have been done.

The Gordon Loss.

The loss of the Gordon Company is not known, but it is estimated that it must have been in aggregate about $12,000. There were twenty-three gins in the establishment, and the building, notwithstanding that it was termed these days as a "shack," must have cost between $4,000 and $5,000. There were about fifty-eight bales of cotton belonging to the company in the building, only eight of which were saved, and thousands of pounds of seed cotton and two car loads of cotton-seed were destroyed.

Adamson & Blake's Loss.

James Adamson and G. W. Blake, who conducted a machine shop in the same building, were heavy losers. They had the misfortune to lose their entire plant, with a lot of other machinery which may now be beyond repair, and the aggregate will amount to $1,800 to $2,000, with no insurance. This blow comes especially heavy to these young men, who have recently started into business, and their friends sympathize with them deeply.

Origin of Fire Unknown.

There will really never be any way to determine how the fire started, but it originated in the lint room. Mr. Adamson states that he was within four feet of the fire, in the machine shop, when he discovered it. The flames shot up rapidly, and he rushed for a bucket of water, realizing the situation. When he returned the bucket appeared nothing more than a drop in quenching the thirsty flames, and he was compelled to get out of the building to save his own life. When he reached the outside it appeared to him that the entire roof of the building in that immediate vicinity was in flames.

Sympathy With Manager.

The sympathy of the community is with W. A. Collins, manager of the ginnery. Mr. Collins was in another part of the building when the fire originated, and is at as much of a loss to know as anyone else how it occurred. He has wired the company in Savannah to send a representative here.

Storage Cotton Saved.

There were about fifty bales of cotton belonging to various growers in the building in storage, but this was all saved.

The actual loss to Gordon & Co. will not be known until the insurance adjusters can make a report.

A Certain Cure for Croup—Used for Ten Years Without a Failure.

Mr. W. C. Bott, a Star City, Ind., hardware merchant, is enthusiastic in his praise of Chamberlain's Cough Remedy. His children have all been subject to croup and he has used this remedy for the past ten years, and though they much feared the croup, his wife and he always felt safe upon retiring when a bottle of Chamberlain's Cough Remedy was in the house. His oldest child was subject to severe attacks of croup, but this remedy never failed to effect a speedy cure. He has recommended it to friends and neighbors and all who have used it say that it is unequaled for croup and whooping cough. For sale by all druggists.

THE GUARDS ARE HOME.

Arrived Tuesday Night, After Hard Trip from Fort Pickens.

After a long trip, following a strenuous ten-days' work in the military camp at Fort Pickens, near Pensacola, The Gainesville Guards, under command of Captain J. W. Blanding and Lieutenants Shields Warren and Wm. Wheeler, arrived home via the Seaboard last night, and it is needless to add that they were a tired set and rested well Tuesday night on the soft and comfortable beds for the first time in nearly two weeks.

The boys were good-natured, however, and spoke well of their trip, and the instructions they had received as a result. While it is doubtful whether they would like to go through the same ordeals again immediately, they are all well pleased, and have no regrets to make for having "been along."

This was one of the most strenuous encampments the military boys have witnessed, as they were sent for instruction purely, and there was no social functions to break up the monotony of this life. Every soldier who attended knows a great deal more, however, about real military life than he knew before.

Prominent Visitors.

Captain and Mrs. C. B. McClenny of Cadillac, who are among the best and most prominent residents of that section of the county, spent Tuesday in this city as guests of their son, Louis C. McClenny, head clerk at the Brown House.

Captain McClenny has been a great benefactor of the Cadillac section, as he is engaged in many pursuits, and is active in all. He was the founder of the town of MacClenny, Baker county, and was very wealthy prior to to the great freeze, which swept him, like many others, into comparative destruction in the short space of forty-eight hours. Full of ambition and energy, however, he rose again, and now his influence in a commercial way is felt throughout the entire West End.

Sprinkler at Work.

The city street sprinkler was placed in commission Tuesday, much to the satisfaction of the merchants and pedestrians on the principal thoroughfares, and did some very efficient work in the matter of keeping the dust down. The result was that pedestrians could walk with some degree of comfort, their noses and eyes being free from the abominable dust which has been in evidence for the past few days, and which it has been good-naturedly said came near making some professed Christians swear a note or two.

PILES CURED IN 6 TO 14 DAYS.

PAZO OINTMENT is guaranteed to cure any case of Itching, Blind, Bleeding or Protruding Piles in 6 to 14 days or money refunded. 50c.

How great a success it was is shown by the fact that St. Louis went balloon mad and there was a crowd estimated at 300,000 to see the aeral racers get away. It was the greatest aero meet that has been held in this country if not in the world, and the aid that has been extended it by the Government shows how keenly the army is interested in geral navigation. The performance of the long distance balloon racers was interesting of course, but the point in which the army is particularly interested is the performance of the dirigible balloons. Gen. Allen wants to build one of these for the Signal Service and at the coming session of Congress an appropriation of $100,000 is to be asked for the work. It will cost about $60,000 to build the ship and the remainder will be useful in accessories. This Government is the last of the great powers to enter the field of aerial navigation, but the strides that have been made abroad indicate that we cannot longer neglect this work.

The six months' period for the weighing of the mails has just about elapsed, and it was announced at the convention of postmasters held in Washington last week that the work has reached a satisfactory conclusion. The magnitude of the job will be appreciated when it is understood that every piece of mail carried in the United States has been weighed and its class tabulated. It was not known when this work started whether it could be carried out, but it has been done and there will be available for Congress when it meets such a complete lot of data on the subject of the mails as has ever before been available when it came to fixing the compensation to be given the railroads for transporting them.

The Pension Office has just reported a decrease of over 18,000 in the number of pensioners for the year. This is the greatest decrease in any one year since there has been a pension list. It makes the total number of pensioners 961,371, the smallest number since 1893. It will be a long time at this rate before the pension list is wiped out and before that time comes we probably will have gotten into some other war and helped to swell it again. But it at least shows that for the time being the movement is in the right direction.

That Tired Feeling.

If you are languid, depressed, incapable for work, it indicates that your liver is out of order. Herbine will assist nature to throw off headaches, rheumatism and ailments akin to nervousness and restore the energies and vitality of sound and perfect health. J. J. Hubbard, Temple, Texas writes, "I have used Herbine for the past two years. It has done me more good than all the doctors. It is the best medicine ever made for chills and fever." 50c. Sold by W. M. HATFIELD MAKES RAIN AT WILL.

He Never Fails to the Open Heavens Whenever it Pleases Him.

Out in Southern California is a young farmer who boasts that he can beat old Dame Nature on the rain proposition, says The Delineator for November. Whether Charles Mallory Hatfield is really responsible for the rainfall in various parts of his native State and also in Oregon, the ranchmen, the stockmen, and the miners who reward him for his operations cannot tell with certainty.

For six months of the dry season of the last three years Hatfield has held a contract to "deliver" rain. In each instance there has been a downpour of soft, refreshing rain that has benefited crops, permitted the stocks to be plentifully watered and increased the flow of the streams so that the miners had sufficient water for their needs.

In the fall of 1904, Southern California was in the throes of the worst drought it had experienced in forty years. It was at this time that Farmer Hatfield elected to become a professional rain-maker. He entered into an agreement with the farmers to furnish during the ensuing six months eighteen inches of rain. Under his next contract, a shorter period was given in which to prove his claim. He was allowed one week in which to make it rain. At the expiration of the stated time, four and one-half inches of water had fallen, and there was in this amount sufficient to fill the largest reservoirs.

A powerful electrical apparatus, Hatfield insists, is his system of rain-making. The people of California do not know the process the young meteorologist employs, nor are they positive that he is responsible for the rainfall. They have never failed, however to heavily compensate him for his success in making the heavens weep at his behest.

WORSE THAN ONIONS.

Bad Breath From Indigestion Cannot Be Overcome With Perfumes.

All of us suffer from bad breath—sometimes our own, but oftener that of our friends.

Nine-tenths of this bad breath comes from some stomach trouble, and cannot be overcome by breath perfumes or any other palliative measures.

If you occasionally have a bad breath; if there is heart-burn, flatulence and acid gulpings of undigested food; if the stomach burns or smarts; if there is sleeplessness, nervousness, headaches or any other of the many symptoms of indigestion, use Mi-o-na stomach tablets and get well.

Mi-o-na is not a mere digestive nor a physic, but a tonic remedy that strengthens the muscles of the stomach and bowels so that the flow of gastric juices is increased, and the food is digested naturally and does not stay in the stomach to ferment and poison the breath.

J. W. McCollum & Co. have seen so many cures made by Mi-o-na stomach tablets that they give a guarantee with every 50-cent box that the money will be refunded if the remedy fails to give satisfaction. They take the whole risk, and a box of Mi-o-na will not cost you a penny unless it cures.

BLIND TIGER CASES AGAIN IN COURT

Three Negroes Brought to Gainesville for Alleged Violation.

THEY ALLCAME FROM MICANOPY

They Were Charged With Selling Whiskey to Employes of Naval Stores and Timber Companies, and Were Committed by Justice Smith.

Because it was alleged they would persist in selling whiskey in a county which had voted against the sale of same, three negroes, Thomas Jackson, Robert Kinsler and Henry Harrison, committed in Justice J. W. Smith's court in Micanopy, have been brought to this city and placed in jail to await the order of the fall term of the circuit court for Alachua county.

It is stated that these men have been engaged in the illicit sale of liquor for a long time, selling the "joy of life" to the negroes employed in the turpentine farms, in the sawmills—and in fact to everyone it was possible to make a sale. As a matter of course, these facts are to be proven, but witnesses will be produced to convict them, the officers declare.

Jackson and Kinsler were arrested by Deputy Sheriff C. H. Chrisman, while Harrison fell before the watchful eye of Deputy Sheriff W. M. Burch.

Failing to give bond, the defendants were brought to Gainesville, where they will have to remain in jail until their cases are disposed of.

Afflicted With Sore Eyes for 33 Years.

I have been afflicted with sore eyes for thirty-three years. Thirteen years ago I became totally blind and was blind for six years. My eyes were badly inflamed. One of my neighbors insisted upon my trying Chamberlain's Salve and gave me half a box of it. To my surprise it healed my eyes and my sight came back to me.—P. C. Harls, Cynthiana, Ky. Chamberlain's Salve is for sale by all druggists.

THE PERFECT WAY

Scores of Florida Citizens Have Learned It.

If you suffer from backache, there is only one way to cure it.

The perfect way is to cure the kidneys.

A bad back means sick kidneys.

Neglect it, urinary troubles follow.

Doan's Kidney Pills are made for kidneys only.

S. B. Lemons, cigar maker, living at 1311 Ashlet street, Tampa, Fla., says: "I used Doan's Kidney Pills and they cured me of backache and disorder of the kidneys. Two or three times on account of the pain in my back I was unable to work for several days. The secretions of the kidneys were in a very bad condition, dark in color, and if allowed to stand would become of the consistency of jelly. I tried various remedies, taking what seemed like gallons of medicine and I also put on plasters, but nothing helped me at all until I got Doan's Kidney Pills upon the advice of a friend of mine, and using them according to directions they cured me in a very short tir

West Gainesville Improvements.

There are many improvements going on in West Gainesville at present, as the progressive citizens of that section of the city are bound to keep in line. Among these improvements is an addition of two rooms to the home owned and occupied by Mr. and Mrs. William Cromwell, West Orange street. This will add a great deal to the appearance of the home, to say nothing of the conveniences which will accrue.

Mr. Cromwell owns one of the neatest and most attractive homes in West Gainesville.

Notice to Our Customers.

We are pleased to announce that Foley's Honey and Tar for coughs, colds and lung troubles is not affected by the National Pure Food and Drug law as it contains no optiates or other harmful drugs, and we recommend it as a safe remedy for children and adults. J. W. McCollum & Co.

A Fine Sign.

The Gainesville National Bank, with a desire always to be up-to-date, has received a fine metal sign, which it is safe to say, is one of the best in this section of the country.

The sign is a wall sign, and made of the best material that could be produced for the purpose. The entire sign is of metal. The background is of oxidized copper, black, with large and handsome cast bronze letters and border, which makes a very attractive appearance.

The Gainesville National is composed of officials up-to-date in every way, and they are being rewarded by a liberal patronage.

A Card.

This to certify that all druggists are authorized to refund your money if Foley's Honey and Tar fails to cure your cough or cold. It stops the cough, heals the lungs and prevents serious results from a cold. Cures la grippe cough and prevents pneumonia and consumption. Contains no opiates. The genuine is in a yellow package. Refuse substitutes. J. W. McCollum & Co.

The Constant Wearing of a Hat Propogates Dandruff Germs.

There are many men who wear their hats practically all the time when awake, and are blessed with a heavy shock of hair; yet if the scalps of these same men once became infested with dandruff germs, the parasites would multiply all the quicker for lack of air. Baldness would ensue as the final result. Newbro's Herpicide kills these germs and stimulates unhealthy hair to abundant growth. Herpicide is a pleasant hair dressing as well as a dandruff cure and contains not an atom of injurious substance. Sold by leading druggists. Show windows by the thousands—that's what newspaper advertising gives to a store.

The Democrats haven't had the Presidency very often in the last forty years, but neither have they wanted it bad enough to steal it.

In one Kentucky township it hasn't rained for two months. That's going dry with a vengeance without the trouble of taking a vote on it.

"Any woman can marry any man she wants," asserts Gertrude Atherton. Every day seems to bring something new for the men to worry about.

After the fall campaign in various States, truth will slowly rise again, but it's a pretty safe bet that she will need crutches to get around with for a while.

"Uncle Joe" Cannon probably spends some of his time these days wondering if his two delegates from Michigan will stay hitched 'till convention day.

An actor and a poet were indicted on the same day last week in St. Louis. At that rate the country will soon acquire a much better opinion of that town.

A Chicago doctor claims that lazy men are really sick. Now there may be a little less grumbling among the women who take in washing to support their husbands.

An Indiana judge has ruled that when a woman marries a drunkard she must live with him. Fortunately, he didn't go so far as to decide that she must pay his bar bill.

The Florida who assured the President there are so numerous in Louisiana cane-brakes that visitors there have a formidable job ahead of them.

A Chicago paper claims that a man's soul is likely to be incarnated in animals 1,500 years. That's long, anyhow, to a man looking for bargain sales.

The Kansas City Journal prints an article on "Uncle Joe's Football Methods." Speaker seems to be getting a bit with his feet this winter with his gavel.

The Atlanta Journal is authority for the statement that there are about 1,000,000 men over the age of 30 in the United States. It may be interesting, but we help wondering how they found it out.

"A good man may be quiet in a plain, unassuming way, but mountains to combat are in him." A push-cart man can get along without much of that, but a store requires a lot of it, and plenty of it.

According to a European expert, Chicago is the most musical American city. From which it is evident that he never took a stroll along Market street in Philadelphia while the phonographs were all going full blast.

BRYAN AND ROOSEVELT.

Some of the great newspapers of our day, such, for instance, as The Washington Post, The New York Times, and The Philadelphia Press, are trying very hard to mix up Roosevelt and Bryan. It looks as if these papers were booming Bryan in the interest of another nomination for Roosevelt.

The Press thinks that Mr. Bryan will be nominated, that he is no ordinary man, and that no Republican but Roosevelt could defeat him. The Times is of the same opinion. The Post says: "Take the tariff out, and what is the difference between Mr. Bryan and Mr. Roosevelt?" and again: "If Mr. Bryan were President, wherein would he reverse the policies of Mr. Roosevelt?"

Now, there is as much or more difference between Mr. Bryan and Mr. Roosevelt as there was between Jefferson and Hamilton. Bryan is opposed to the "big stick" policy of Roosevelt; and this constitutes a radical difference. Bryan is opposed to Roosevelt's ideas of granting immunity to criminal individuals who, like Paul Morton, do the dirty work of the corporations; while Roosevelt is the parent and defender of that policy. Here is another radical difference: Bryan believes in the principles of the Declaration of Independence and all the principles of Jefferson, while Roosevelt despises and denounces those principles. On all fundamental principles they are so far apart as the poles. Their differences are irreconcilable. Bryan believes as Jackson and Taney believed respecting the dangers and evils of the banking system, while Roosevelt favors to the utmost the greatest of the National banks, and the whole system of concentrating and aiding the money power.

Bryan opposes the subsidizing of ship-owners, while Roosevelt favors it. Bryan is opposed to Government by injunction, but Roosevelt favors it. No two men were ever more completely and universally opposed in theory or in practice. Yet we hear of Roosevelt-Democrats and Bryan Republicans; and we find Roosevelt's supporters trying to create the impression that he is pursuing Bryan's theories. The silly subterfuge is well financed, but it will not work.

Socialism always ends in the destruction of that freedom which it sets out to achieve. Its history is the old story of the man who starts out for wool and returns shorn. It is a metaphysical theory, and its advocates always unite in a church or a party to which they surrender all their natural rights, and which ends in feudalism or a hierarchy. Mormonism is the best example of socialism in this country.

A Pittsburg exchange claims that the people there have more money per capita than the people of any other city in America. No mention is made of the wickedness per capita but that is doubtless as great as the financial showing.

Not a single murder or suicide reported to the coroner's office for twenty-four hours in New York's record for last Sunday. In one respect a red letter day, although fewer persons must have been painting the town red.

That Black Duck Minn., hunter who shot a bear with the initials "T R" in big letters on his side, missed the chance of his life time by not capturing him alive and getting him into the Louisiana cane-brakes in time.

The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages, and that is Catarrh. Hall's Catarrh Cure is the only positive cure known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. In his Indianapolis cocktail speech on June 4th, last, President Roosevelt said: "Wherever evil doers can be, they shall be brought to justice; and no criminal, high or low, whom we can reach will receive immunity." Yet while he was saying this, he knew that the Alton people would receive immunity. He had pledged himself to secure immunity for them. How can he explain this inconsistency?

Justice Brewer, of the United States Supreme Court, declares "while the colored brothers may be too fond of chicken coop and the watermelon patch, they are firm believers in social order." Does Justice Brewer believe the colored brothers have an inherent right to chickens and melons as necessary to their pursuit of happiness?

The negro editor who has predicted that on November 25th Norfolk will be visited by a fire, flood or earthquake which will destroy all "liars, hypocrites, backbiters and backsliders," will undoubtedly see the necessity of taking something for his liver before the dread catastrophe is due.

In railroading there now seems to be a difference between the old plan to charge "all the traffic will bear," and the new plan of charging only "what the public will bear," and this improvement is only due to State laws and not National legislation.

Billy Muldoon's press agent now has Gen. Bell, the chief of staff, broken down and in the farm sanitarium. The P. A. seems to be skipping. He has clear overlooked the Vice-President and several members of the cabinet.

Prof. Haust now asserts that Solomon did not write the "Song of Solomon." A few thousand years from now, someone may have the audacity to claim that George Ade never wrote the fables that made him famous.

Not a word from Mr. Roosevelt on the tariff, and yet he knows that it protects the trusts and plunders the people. Why does the President stand pat?

ENGINEER WAS KILLED.

Four Others Injured In Wreck at Blocton, Ala.

Birmingham, Ala., Oct. 29—Passenger train No. 49, on the Louisville and Nashville railroad, was wrecked in the yards at Blocton Saturday morning as it was leaving that place for Birmingham. The locomotive and baggage and mail car were turned over. Engineer Charles Stillman was killed and the following injured:

Fireman Tom Phillips, Mail Clerk H. O. Goddard, Porter J. Milhouzen and Baggagemaster J. L. Adkel.

It is believed all the injured will recover. No passengers were hurt.

Lest We Forget

Baby is restless, can't sleep at night, won't eat, cries spasmodically. A bottle of White's Cream Vermifuge never fails to cure. Every mother should give her baby White's Cream Vermifuge. So many times when the baby is pale and fretful, the mother does not know what to do. A bottle of this medicine would bring color to his cheeks and laughter to his eyes. Give it a trial. Sold by W. M. Johnson.

LEGAL ADVERTISEMENTS.

NOTICE OF APPLICATION FOR LETTERS PATENT.

Notice is hereby given that on the 29th day of November, A. D. 1907, we, the undersigned, will apply to His Excellency, N. B. Broward, Governor of the State of Florida, or to his successor in office, for letters patent on the charter proposed below.

This 21st day of October, A. D. 1907.

J. W. BLANDING,
J. J. HAYMANS,
J. S. SHANDS.

Articles of Incorporation of the United Land-Development Company.

I—The name of the corporation shall be The United Land-Development Company, and its principal place of business shall be Gainesville, Alachua county, Florida.

II—The general nature of the business to be conducted by this corporation shall be to buy, sell, option, mortgage, lease, rent, cultivate, improve, plat, sub-divide, auction and deal in for itself and for others on commission all kinds of real or personal property; to borrow or lend money, its credit, or the credit of others, with or without security; to subscribe for, purchase, receive, own, hold, sell and dispose of stock, shares, bonds, securities of all corporations wherever located; to buy, sell, lease and use machinery and appliances, supplies and personal property of whatsoever description; to collect, discount and assign securities or other obligations payable or transferred to it, either before or after maturity; to buy or own its own shares in any terms whatsoever, and to have power generally to do, perform, have, hold, acquire and enjoy all other property powers and things as shall be incident, necessary or expedient for the conducting of the necessary operations of the business, and generally to be vested with and to have all power granted or which may be hereafter granted to corporations for profit under the laws of the State of Florida.

III—The amount of the capital stock of this corporation shall be Ten Thousand Dollars ($10,000.00), to be divided into one hundred (100) shares of the par value of One Hundred Dollars ($100.00) per share. Said stock shall be paid in in cash or property at a valuation to be fixed by the directors of the company at the meeting called for such purpose, on the granting of this charter.

IV—The term for which this corporation shall exist shall be ninety-nine years from the date of letters patent bringing it into existence.

V—The business of this corporation shall be conducted by a President, Vice-President, Secretary and Treasurer, and a Board of Directors to consist of not less than three members, and such other officers as may be created and appointed by the Board of Directors of said corporation; provided, that the office of Treasurer may be vested in and the duties thereof exercised by the President or Vice-President or Secretary. The business of said corporation shall be conducted by Jno. W. Blanding, President and Treasurer; J. J. Haymans, Vice-President, and J. S. Shands, Secretary, until there shall have been an election of officers held by the stockholders of said corporation. The first annual meeting of the stockholders for the election of officers, adopting by-laws and transacting generally all business of the corporation, shall be held on the first Wednesday of December, A. D. 1907. There shall be an annual meeting of the stockholders on the first Wednesday of December of each and every year during the continuance of this charter.

VI—The highest amount of indebtedness or liability to which this corporation can, at any time, subject itself shall be Ten Thousand ($10,000) Dollars.

VII—The names and residences of the subscribers to this charter are Jno. W. Blanding, Gainesville, Fla., fifteen shares; J. J. Haymans, Gainesville, Fla., fifteen shares; J. S. Shands, Gainesville, Fla., fifteen shares.

NEWS OF CITY AND COUNTY CONDENSED

G. Hartwell Kelley, manager of the Kelley mill at Prairie Creek, was transacting business in this city yesterday.

Mrs. C. R. Carter and Miss Belle Chitty, after a pleasant visit to their sister, Mrs. J. F. Hill, returned to their home at Micanopy yesterday.

Mr. and Mrs. J. B. Cutler returned to their home in this city yesterday. Mr. Cutler spent a few days taking in the sights of Jamestown Exposition, and on his return home he was joined by Mrs. Cutler, who has been in Asheville for the past summer. Friends of Mrs. Cutler are glad to welcome her home again, for there has been, they declare, a blank in the social circles during her absence.

The Atlantic Plumbing Company, Simpson Bros., have a change of advertisement in this issue to which the attention of those who are contemplating installing a system of plumbing is invited. These young men are not only efficient, but they are hustlers, and are "on the square" when it comes to a deal. Their prices are reasonable, and those who have tried them declare their work is of the highest order. They have come to Gainesville to live, and would not, if they could, put a "bad job" into a house.

W. E. Kennedy, a well-known orange grower and trucker of Evinston, was in the city for a few hours on business yesterday. Mr. Kennedy has recently sold his place, which comprises a small but handsome grove, to C. M. Holloway of Kentucky, who expects to make that his winter home. Mrs. Kennedy has not yet decided upon his future movements. He may remain in that vicinity, or he may decide to go further South and engage in trucking exclusively on an extensive plan. He is a most progressive young man, and the people of Evinston would regret very much to lose him.

Among the visitors to this city yesterday was Hon. John G. Dampier of Hague, chairman of the Board of County Commissioners of Alachua county, and a man who is interesting himself a great deal in public affairs at this time, especially good roads. Mr. Dampier believes that good roads are the proper thing for any community, and has his heart set on giving the people of the whole county something in that line which will not only prove of benefit to them, but to their children, their grand-children and their great-grand-children. In his effort he has the co-operation of the best people of this county.

How to Cure a Cold.

The question of how to cure a cold without unnecessary loss of time is one in which we are all more or less interested, for the quicker a cold is gotten rid of the less the danger of pneumonia and other serious diseases. Mr. B. W. L. Hall of Waverly, Va., has used Chamberlain's Cough Remedy for years and says: "I firmly believe Chamberlain's Cough Remedy to be absolutely the best preparation on the market for colds. I have recommended it to my friends and they all agree with me." For sale by all druggists.

Ladies' Missionary Society.

The Ladies' Missionary Society of the First Presbyterian church will meet at the church this afternoon at 3:30 o'clock, at which a full attendance is desired. Country Korea Leader, Mrs. L. C. Lynch.

It is earnestly hoped that a good crowd will be present at this meeting.

Julius Caesar

Was a man of nerve, but sickness left its mark and he became aged before his time. Sickness is often caused by a torpid liver. Herbine will regulate your liver and give you health. Mrs. Carrie Austin, Hollon, Kansas, writes: "I consider Herbine the best medicine I ever heard of. I am never without it." Sold by W. M. Johnson.

IS AGAIN IN HARNESS.

Gordon M. Wienges Again Becomes Office Deputy to Sheriff Fennell.

After an absence from this city of nearly five years, during which time he was with his family in McBeath, S. C., Gordon M. Wienges has returned to Gainesville, and has again taken up the reins as office deputy to Sheriff L. W. Fennell.

Mr. Wienges knows the profession in which he has again embarked from A to Z. For twenty years he was constantly employed as office deputy, being under Sheriffs S. H. Wienges, Sam Tucker and L. W. Fennell. Five years ago, owing to the ill health of his wife in South Carolina he relinquished his position to go to his family; but his good wife having improved, he has come back to resume his old position, which will be gratifying news to the people of Alachua county.

Mr. Wienges is welcomed home again, and his old friends will be glad to meet him at the sheriff's desk.

A Word to The Wise.

The pioneer manager of the South, Mr. C. W. Park, who has faithfully catered to your amusement for several years, and who has never broken faith with you, will open in Gainesville next Monday, November 4, for one a week's engagement with his new C. W. Park Dramatic Company of sterling artists.

The new company consists of 40 people, actors, actresses and auxiliaries, making it the strongest dramatic company that has ever appeared in Gainesville.

The C. W. Park show is always strictly moral and refined, and on this visit are going to surpass all former efforts. All the plays are the latest New York successes and are produced with all the original scenic and electrical effects. Gorgeous costumes—beautiful music.

The vaudeville artists are the cream of the vaudeville profession.

On next Monday night Mr. Park will select one of his best productions and trusts that a full house will greet the new company.

Although the company has been enlarged, the same prices will prevail: children 25 cents, adults 35 cents.

Micanopy Pastor Pounded.

Editor Sun: Yesterday afternoon the inmates of the Methodist parsonage in Micanopy were very greatly and yet pleasantly surprised by a rich and heavy pounding given them by members of all denominations in town.

This pounding consisted of a large number of valuable packages amounting to many dollars and some silver coins besides.

The ladies deserve special credit for this token of appreciation for their pastor's service, as they took the lead in this work.

The gentlemen also cooperated very fully with them in making the pounding such a success, for which we feel profoundly thankful.

May God make the pastor and his family a rich spiritual blessing to those who have been so kind to them.

Fraternally,

WOMEN IN HOSPITALS

Experiences of Mrs. Rockwood and Miss Tierney

MISS MARGARET TIERNEY MRS. CHAS. A. ROCKWOOD

A large proportion of the operations performed in our hospitals are upon women and girls for some organic trouble.

Why should this be the case?

Because they have neglected themselves, as every one of these patients in the hospital beds had plenty of warning in those dragging sensations, pains at left or right of abdomen, backaches, nervous exhaustion, inflammation, ulceration, displacements, and other organic weaknesses.

All of these symptoms are indications of an unhealthy condition of the female system and if not heeded the penalty has to be paid by a dangerous operation. When these symptoms manifest themselves, do not drag along until you are obliged to go to the hospital and submit to an operation—but remember that Lydia E. Pinkham's Vegetable Compound, made from native roots and herbs, has saved hundreds of women from surgical operations.

Lydia E. Pinkham's Vegetable Compound has cured more cases of feminine ills than any other one remedy. Such letters as the following are constantly being received by Mrs. Pinkham to prove our claims.

Mrs. C. A. Rockwood, teacher of Parliamentary Law, of 58 Free St., Fredonia, N. Y., writes:

"For years I suffered with female trouble. It was decided that an operation was necessary, and although I submitted to a serious operation my sufferings continued, until Lydia E. Pinkham's Vegetable Compound was recommended and it proved a marvelous remedy, so quickly did it restore my health. I cannot thank you sufficiently for the good it has done me."

Miss Margaret Tierney, of No. 328 W. 25th Street, New York, writes:

Dear Mrs. Pinkham:—

"When only eighteen years of age our physician decided that an operation was necessary to permit of my womanly organs performing their natural functions. My mother objected and being urged by a relative to try Lydia E. Pinkham's Vegetable Compound did so. I soon improved in health, the proper conditions were established and I am well and strong, thanks to Lydia E. Pinkham's Vegetable Compound."

No other remedy has such unqualified endorsement as Lydia E. Pinkham's Vegetable Compound. No other remedy in the world has such a record of cures of female ills.

Mrs. Pinkham's Standing Invitation to Women

Women suffering from any form of female weakness are invited to promptly communicate with Mrs. Pinkham, at Lynn, Mass. From the symptoms given, the trouble may be located and the quickest and surest way of recovery advised. Out of her vast volume of experience in treating female ills Mrs. Pinkham probably has the very knowledge that may help your case. Her advice is free and always helpful.

BARGAINS IN REAL ESTATE

The Alachua County Abstract Co., Gainesville, Fla.

We represent non-resident owners and have to offer the following property for sale:

FIRST—1½ acres of land, with good house, within four blocks of the Court House Square in Gainesville, Florida, on good street, and in good neighborhood. Price $3,500.

SECOND—Four elegant, high and dry, building lots in East Gainesville, three on King street and one on Palmetto avenue; granolithic sidewalks to within one block of all of them. Price $500 each, cash or installments, as desired by purchaser.

THIRD—About fifty good residence lots in various parts of the city at sundry prices, cash or installments. These are good propositions as investments or for building homes. Now is the time to buy before the prices advance.

FOURTH—A tract of land about 11 miles north of Gainesville, containing over 2,000 acres of fine farming and timbered land, partly cleared and in cultivation. Fine cotton land and well watered by a lake on one side, making a suitable place for stock farm. A fine proposition for the right man. Price $4 per acre, one-fourth cash and the balance in three yearly payments with eight per cent interest.

FIFTH—Tract of cut-over land containing 20,000 acres in the western part of this county, in a solid body. Has small timber, both pine and cypress, also good indications for phosphate. This for $3 an acre. Title perfect.

SIXTH—Tract of 1,080 acres timber land on the Suwannee river. Mostly virgin pine, and some cypress. Price $5 per acre. This is a good tie proposition, or suitable for small saw mill. Plenty of land adjoining that is obtainable.

Also numerous small pieces of farming and timber lands in different parts of the county, suitable for the small investor or farmer. Description and prices given upon application.

We are headquarters for bargains in good real estate propositions.

Put your money, and that of your friends, in good, safe real estate, in a growing country, such as ours, and you will be secure when the crash comes. Land is the foundation of all material wealth, and is bound to remain firm.

Titles to all the above propositions guaranteed.

No home is so pleasant, regardless of the comforts that money will buy, as when the entire family is in perfect health. A bottle of Orino Laxative Fruit Syrup costs 50 cents. It will cure every member of the family of constipation, sick headache or stomach trouble. J. W. McCollum & Co.

Robert Dixon has been appointed by Justice Colman a special constable. Robert is one of those fellows who even sleeps with his eyes open so offenders of the law had better watch out—even those who contemplate of fending the great constitution of the State of Florida had better move slowly, for Robert will be "Johnny on the Spot."

B. B. Keen, a prominent fruit grower of Boardman, has been in town for the past few days, having come here to have some dental work done. Mr. Keen at one time owned one of the finest orange groves in Marion county, and his friends will be glad to learn that the same is again in good condition, having been "brought out" by hard work.

Henry E. Jones of Tampa, Fla., writes: "I can thank God for my present health due to Foley's Kidney Cure. I tried doctors and all kinds of kidney cures, but nothing done me much good till I took Foley's Kidney Cure. Four bottles cured me, and I have no more pain in my back and shoulders. I am 62 years old, and suffered long, but thanks to Foley's Kidney Cure I am well and can walk and enjoy myself. It is a pleasure to recommend it to those needing a kidney medicine. J. W. McCollum & Co.
